

THEALE WATER SKI CLUB - OVERVIEW AND INFORMATION 2022

History	Theale Water Ski Club has been in existence for over 55 years. It is a voluntary, non - profit making club run by members. It has been at its present location aside the M4 between J11 &12 for the last 40 years. Nearest postcode is RG30 3TA to find the gate.
Facilities	We have a new clubhouse built in 2014, car park, lawns for sunbathing, BBQ and jetties. Our large lake has 2 x 6 buoy slalom courses and a circuit of 0.9 miles.
Equipment	We have two American Malibu Response competition class ski boats with 'Perfect Pass', towers, optional wake enhancing device for wakeboarding, training bars for beginners, and the free use of skis, boards, equipment and wet suits to get you started.
Activities	Water skiing, mono-skiing, wakeboarding, wakeskating, kneeboarding, barefoot skiing. Similar in fact all the things you see on snow in winter (except perhaps the bare feet!)
Membership	There are several levels of membership at different prices:- Family, couple, single adult, single junior (at school or college), Family with private boat (use of their own boat limited to weekdays till 6pm but members can be towed with a club boat at other times). Payment in full or by monthly Standing Order. See online or download membership form. For details and for bank transfers contact treasurer (bottom of membership form)
Staffing	The club has 7 duty drivers and 5 ski instructors, all voluntary, which is why this club is inexpensive. There is at least one duty driver each evening and two for Saturday & Sundays. Bank holidays operate as Sunday.
Ski tows	Members ski tows are £10 (or £90 for 10), £23 for guests of members and prepaid new visitors. Its £29 cash for walk in visitors. Please see low priced <u>Introductory Offer</u> for newcomers, on our website www.twsc.org.uk Duration of a tow is 10 minutes which gives up to 3 laps of the large lake or at least 5 passes at slalom (max7) depending on falls. Newcomers please note water skiing is very physical and you are unlikely to ski for more than 10 mins at a time! Equipment use and tuition is all included.
The Lake	The lake is one of the largest used for water skiing in the south however it is not particularly deep which means it warms up quite quickly as the season progresses. Being shallow it does benefit from the aeration caused by the boat propellers which keeps the water 'alive'. Our boats operate on Calor Gas and hence water pollution free. We enjoy seeing all the wildlife and birds around us and they seem content with us as can be seen by the sheer numbers that reside with us.
Opening Times	The skiing season generally begins around Easter and continues thru October, weather permitting. There is a duty driver Mon to Fri from 6pm to dusk, weather permitting and from 1pm Saturdays (9am to 1pm is used for group bookings only – see website for details if you require one. Sundays operate from about 10am or can be earlier by arrangement. Members and Drivers use WhatsApp to determine and liaise attendance. Unlike commercial establishments, where you have to book your slot, you simply add your name to the blackboard when you arrive, or after your last ski
Visitors	Members do bring guests to be taught. They are slotted between members as the day progresses. On busy days they take the members next entry on blackboard.
Prospective members	Use 'Contact' form on the website. If just turning up you may have to walk from the security gate so contact us before for gate code. The duty officers will be pleased to help you with your queries. If you have brought a costume and the club is not too busy, you may have a tow then and there. See also <u>Introductory Offer</u> . After that we would expect you to join as a full member as we do have overheads of rent, equipment and rates.
Contacts	Visit www.twsc.org.uk and fill in the 'Contact form' for the best time to visit and the main gate code. The club operates from home (no office on site) so it's a good idea to contact us at least the day before to pre-arrange your visit.
Finding the Club	From M4 Junction 12 take the A4 towards Reading. Turn right at the George & Dragon traffic lights and head south towards Burghfield. Turn right into Mill Road just past the Cunning Man pub. The entrance bridge is at the end of Mill Road RG30 3TA just before the cottages. Our landlords have provided a security gate with a combination lock and CCTV, so you need to make contact as above for the code. See also downloadable map
The Community	We teach groups of friends, work colleagues, Scouts and other activity clubs on Saturday mornings 9am to 1pm. The hire of a boat and driver is a fixed price of £280 which includes all equipment and tuition. Ideal for say 7-10 participants.
Affiliation	Theale WSC like most clubs is affiliated to British Water Ski & Wakeboard, the Federation for the sport. Members pay an annual membership fee which covers sport regulation, support for the club and a quarterly national magazine and insurance.
